PREFACE.

"Resolved—That the Clerk of the Common Council be directed to prepare and furnish to the Mayor, Members of the Common Council and heads of Departments, a Manual of the Corporation of the City of New York, for the year 1846-7."

Adopted by the Board of Aldermen, January 18, 1847.

Adopted by the Board of Assistant Aldermen, January 25, 1847.

Approved by the Mayor, January 26, 1847.

Pursuant to the directions given in the foregoing Resolution, the undersigned has prepared this volume. And in which he has endeavored, by every exertion in his power, in the time allotted him, to furnish the Common Council every particular in relation to our City affairs, that may be desired by them, or interesting to our citizens.

It would be needless for the undersigned to particularize further upon the character of the work thus assigned to him to compile, other than to say that the same is authentic, which will be manifest by an examination of the work itself.

But the reader is most respectfully requested to examine that portion of the work that relates to the doings of our ancestors in early times, which cannot be otherwise than deeply interesting, particularly to the old Knickerbockers. To the rising generation he would say, that the sayings and doings of those who found this Island a barren waste and laid here the foundation of this City, which is now the great Commercial Emporium of the western world, ought to be of intense interest. The Compiler flatters himself that he has rescued some of these sayings and doings from oblivion, and believing that they are calculated to inform and instruct, he respectfully submits his little book with entire confidence to the Common Council and citizens at large.

AN ACT

TO AMEND

THE CHARTER

OF THE

CITY OF NEW YORK:

PASSED APRIL 7, 1830.—CH. 122.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:—

1. The legislative power of the Corporation of the City of New York, shall be vested in a Board of Aldermen and a Board of Assistants, who together shall form the Common Council of the City.

2. Each Ward of the City shall be entitled to elect one person to be denominated the Alderman of the Ward, and the persons so chosen, together shall form the Board of Aldermen; and each Ward shall also be entitled to elect one person to be denominated an Assistant Alderman; and the persons so chosen, together shall form the Board of Assistants.

3. The Aldermen and Assistant Aldermen shall be chosen for one year; and no person shall be eligible to either office, who shall not, at the time of his election, be a resident of the Ward for which he is chosen.

4. The annual election for the Charter Officers shall commence on the second Tuesday in April, and the Officers elected shall be sworn into office on the second Tuesday in May thereafter; and all the provisions of law now in force in regard to the notification, duration, and conduct of elections for Members of Assembly, and in regard to the appointment, powers, and duties of the inspectors, holding the same, shall apply to the annual election of Charter Officers.

5. The first election for Charter Officers, after the passage of this law, shall take place on the second Tuesday in April, one thousand eight hundred and thirty-one; and all those persons who shall have been elected under the former laws regulating the election of Charter Officers, and shall be in office at the time of the passage of this law, shall continue in office until the officers elected under this law shall be entitled to be sworn into office.

6. The Board of Aldermen shall have power to direct a special election to be held, to supply the place of an Alderman whose seat shall become vacant by death, removal from the City, resignation, or otherwise; and the Board of Assistants shall also have power to direct a special election to supply any vacancy that may occur in the Board of Assistants; and in both cases, the person elected to supply the vacancy shall hold his seat only for the residue of the term of office of his immediate predecessor.

7. The Boards shall meet in separate chambers, and a majority of each shall be a quorum to do business. Each Board shall appoint a President from its own body, and shall also choose its Clerk and other officers, determine the rules of its own proceedings, and be the judge of the qualifications of its own members. Each Board shall keep a journal of its proceedings, and the doors of each shall be kept open, except when the public welfare shall require secrecy; and all resolutions and reports of Committees which shall recommend any specific improvement involving the appropriation of public moneys, or taxing or assessing the citizens of said city, shall be published immediately after the adjournment of the Board, under the authority of the Common Council, in all the newspapers employed by the Corporation; and whenever a vote is taken in relation thereto, the ayes and noes shall be called and published in the same manner.

8. Each Board shall have the authority to compel the attendance of absent members; to punish its members for disorderly behavior, and to expel a member with the concurrence of two-thirds of the members elected to the Board; and the member so expelled, shall, by such expulsion, forfeit all his right and powers as an Alderman or Assistant Alderman.

9. The stated and occasional meetings of each Board of the Common Council, shall be regulated by its own ordinances; and both Boards may meet on the same or on different days, as they may severally judge expedient.

10. Any law, ordinance, or resolution of the Common Council may originate in either Board, and when it shall have passed one Board, may be rejected or amended by the other.

11. No member of either Board shall, during the period for which he was elected, be appointed to, or be competent to hold any office of which the emoluments are paid from the City treasury, or by fees, directed to be paid by any ordinance or act of the Common Council, or be directly or indirectly interested in any contract, the expenses or considerations whereof are to be paid under any ordinance of the Common Council; but this section shall not be construed to deprive any Alderman or Assistant of any emolument or fees which he is entitled to by virtue of his office.

12. Every act, ordinance or resolution, which shall have passed the two Boards of the Common Council, before it shall take effect, shall be

presented, duly certified, to the Mayor of the City, for his approbation. If he approve, he shall sign it; if not, he shall return it with his objections, to the Board in which it originated, within ten days thereafter; or if such Board be not then in session, at its next stated meeting. The Board to which it shall be returned, shall enter the objections at large on their journal, and cause the same to be published in one or more of the public newspapers of the City.

13. The Board to which such act, ordinance, or resolution, has been so returned, shall, after the expiration of not less than ten days thereafter, proceed to reconsider the same. If, after such reconsideration, a majority of the members elected to the Board shall agree to pass the same, it shall be sent, together with the objections, to the other Board, by which it shall be likewise reconsidered; and if approved by a majority of all the members elected to such Board, it shall take effect as an act or law of the Corporation. In all such cases the votes of both Boards shall be determined by ayes and noes, and the names of the persons voting for and against the passage of the measure reconsidered, shall be entered on the journal of each Board respectively.

14. If the Mayor shall not return any act, ordinance, or resolution so presented to him, within the time above limited for that purpose, it shall take effect in the same manner as if he had signed it.

15. Neither the Mayor nor Recorder of the City of New York shall be a member of the Common Council thereof, after the second Tuesday of May, one thousand eight hundred and thirty one.

15. Whenever there shall be a vacancy in the office of Mayor, and whenever the Mayor shall be absent from the city, or be prevented by sickness, or any other cause, from attending to the duties of his office, the President of the Board of Aldermen shall act as Mayor, and shall possess all the rights and powers of the Mayor, during the continuance of such vacancy, absence, or disability.

17. It shall be the duty of the Mayor,

First. To communicate to the Common Council, at least once a year, and oftener if he shall deem it expedient, a general statement of the situation and condition of the City, in relation to its government, finances, and improvements.

Second. To recommend to the adoption of the Common Council all such measures connected with the police, security, health, cleanliness, and ornament of the City, and the improvement of its government and finances, as he shall deem expedient.

Third. To be vigilant and active in causing the laws and ordinances of the government of the City to be duly executed and enforced.

Fourth. To exercise a constant supervision and control over the conduct and acts of all subordinate officers, and to receive and examine into all such complaints as may be preferred against any of them for violation or neglect of duty, and generally to perform all such duties as may be prescribed to him by the charter and city ordinances, and the laws of this State and the United States.

18. Annual and occasional appropriations shall be made by proper ordinances of the Common Council for every branch and object of City expenditure, nor shall any money be drawn from the City treasury except the same shall have been previously appropriated to the purposes for which it was drawn.

19. The Common Council shall not have authority to borrow any sums

of money whatever on the credit of the Corporation, except in anticipation of the revenue of the year in which such loan shall be made, unless authorized by a special act of the Legislature.

20. It shall be the duty of the Common Council to publish, two months before the annual election of Charter Officers, in each year, for the general information of the citizens of New York a full and detailed statement of the receipts and expenditures of the Corporation during the year ending on the first day of the month in which such publication was made; and in every such statement the different sources of City revenue, and the amount received from each; the several appropriations made by the Common Council, the objects for which the same were made, and the amount of moneys expended under each; the moneys borrowed on the credit of the Corporation, the authority under which each loan was made, and the terms on which the same was obtained, shall be clearly and particularly specified.

21. The executive business of the Corporation of New York, shall hereafter be performed by distinct departments, which it shall be the duty of the Common Council to organize and appoint for that purpose.

22. It shall be the duty of the Common Council to provide for the accountability of all officers and other persons to whom the receipt or expenditure of the funds of the City shall be intrusted, by requiring from them sufficient security for the performance of their duties or trust, which security shall be annually renewed; but the security first taken shall remain in force until new security shall be given.

23. The Clerk of the Board of Aldermen shall, by virtue of his office, be Clerk of the Common Council, and shall perform all the duties heretofore performed by the Clerk of the Common Council, except such as shall be assigned to the Clerk of the Board of Assistant Aldermen; and it shall be his duty to keep open for inspection, at all reasonable times, the records and minutes of the proceedings of the Common Council, except such as shall be specially ordered otherwise.

24. The division of the Common Council into two Boards shall not take effect until the officers to be elected under this law shall enter on the duties of their office. Each Board shall hold its first meeting, for the purpose of organizing, on the second Tuesday of May in each year, at which time the Mayor or Clerk of the Common Council shall attend, by whom the oath of office shall be administered to the members elected. In the absence of the Mayor and Clerk, such oath may be administered by the Recorder, or First Judge of the City, or by any of the Justices of the Superior Court.

25. None of the provisions of this Act, except the eighteenth, nineteenth, twentieth, and twenty-second sections, shall be construed as applying to the Common Council as now constituted.

26. Such parts of the Charter of the City of New York, and of the several Acts of the Legislature amending the same, as are not inconsistent with the provisions of this law, shall not be construed as repealed, modified, or in any manner affected thereby, but shall continue and remain in full force.

There are thirty-eight Hose Companies and eight Hook and Ladder Companies, including one at Harlem and one at Yorkville; all of which are in possession of the necessary apparatus for service.

There is also a hydrant Company in each Fire District, whose duty it is to take charge of the Hydrants in case of fire.

No Fire Company shall remove their apparatus out of the District in which the same is located, in case of fire or alarms of fire, under the penalty of being subject to expulsion, or suspension from the Fire Department, unless they shall be permitted so to do by the Chief or one of the Assistant Engineers who are hereby authorized to give the necessary signal, which is hereby declared to be the constant ringing of the alarm bell in the district in which the fire is raging, when the whole department shall proceed to the scene of conflagration.

Adopted by the Board of Assistants, March 31st, 1842.
Adopted by the Board of Aldermen, April 18th, 1842.
Approved by the Mayor, April 28th, 1842.

FIRE DEPARTMENT FUND.

Trustees' Report for 1846.

The Trustees of the Fire Department Fund, herewith submit to the delegates from the different Fire Companies, their Annual Report of the condition of the finances under their management, and in so doing avail themselves of the occasion to present their unqualified thanks to the friends of their Charitable Institution, for the liberal support which has been extended to it during the period referred to. Whilst guarding, to the utmost of their ability, the sacred trust committed to them, a just discrimination has been observed in the distribution of the funds, with a view to impart as equally as possible the blessings which the Institution is designed to confer.

They take pleasure in communicating to you the intelligence, that after meeting every engagement, they have, by the aid of Providence, been enabled to add to the Permanent Fund the sum of One Thousand Dollars. In this connection it affords them much gratification to state, that the addition which has been made to the Permanent Fund, has been occasioned principally by the following circumstances, viz; The large sum realized from the Seventeenth Annual Ball at the Park Theatre; the Annual Donation from the Common Council; the proceeds of the Concert at the Tabernacle, and by the very general aid extended to the Department Fund by many of our benevolent citizens; for the particulars of all of which they beg leave to refer you to the Report of the Treasurer, to which your earnest attention is directed. The Insurance Companies, owing to the very heavy losses they sustained by the calamitous fire in July, 1845, have been prevented from contributing with their usual liberality, and under the peculiar circumstances, the Trustees refrained from calling upon them although there is every reason to believe, that if the application had been

* Without the Fire of 19th of July, which is estimated at $6,000,000.

made, it would have been met in a becoming spirit on the part of those companies.

The Treasurer reports that there was remaining in his hands last year a balance of Two Thousan l Four Hundred and Fifteen Dollars and thirty-two cents ; since which period he has received from various sources, Nine Thousand Two Hundred and Sixty-two Dollars and forty-eight cents, and for two Bonds cancelled, the sum of Three Thousand Dollars, which makes in the aggregate the sum of Fourteen Thousand Six Hundred and Seventy-seven Dollars and eighty cents ; out of which there has been distributed to those having claims upon the Department, the sum of Nine Thousand Seven Hundre l and Fifty-six Dollars and seventy cents ; reinvested Three Thousand, and added to the Permanent Fund One Thousand Dollars ; leaving a balance deposited in the Butchers' and Drovers' Bank, to the credit of the Fire Department of Nine Hundred and Twenty-one Dollars and ten cents. The Permanent Fund now amounts to Thirty-seven Thousand Two Hundred and Fifteen Dollars and twenty-five cents, which is invested as follows, viz : Loaned on Bond and Mortgage, Thirty-six Thousand Nine Hundred and Sixty-five Dollars and twenty-five cents ; and Two Hundred and Fifty Dollars in Manhattan Bank stock.

Notwithstanding the Permanent Fund has been increased, it must be borne in mind that the proceeds arising therefrom amount to only Two Thousand Five Hundred Dol ars per annum, while the expenditures amount to nearly Ten Thousand Dollars during the same period. The sum paid annually to the Widows on the Pension List amounts to about Five Thousand Dollars, which is irrespective of monies paid for wood, coal, shoes, special donations, funeral expenses, and other contingencies. The Trustees make these representations in order to show that the Permanent Fund, although appearing large, does not yield an income at all adequate to meet the heavy expenditures that are made, and which cannot be curtailed without causing distress and suffering where assistance is indeed most needed. Your kind co-operation is therefore most urgently required, in obtaining donations from all who are willing to aid in extending the blessings of this inestimable charity, than which there is none that has more enduring claims to the philanthropy of our citizens, and yet it is a singular fact, that whilst almost every other institution in our city, of a similar character, has shared in the bequests of many of our benevolent citizens, who have departed this life, the Fire Department Charity, although established upon the broadest and most enlightened principles of benevolence, has been overlooked in these expressions, notwi hstanding some of the wealthiest citizens were not only connected with the Department in early life, but were among the original founders of the Fund.

It is not out of place to state, that our Fund was established in the year 791, and during the long period it has been in existence—during the many rausitions and vicissitudes which have taken place in the Department, it has been steadily increased faithfully guarded, and most correctly administered. It is one of the oldest charities in our city, and founded upon principles of the most expansive benevolence. Some conception of the extent of its philanthropic operations may be formed, when it is stated that there are at his moment, upwards of twelve hundred widows and orphan children of Firemen on the books of the Department, who share in its benefactions.

Your attention is called to the continued violations of the laws, as egards the erection of dangerous buildings; these violations continue to

be made in utter disregard thereof, by citizens claiming to be respectable, and who ought to be the last to violate the provisions of good and wholesome laws, passed for the protection of life and property. The office of Fire Warden in connection with the Department having been abolished, the Firemen of the city generally should promptly report to this Board, each and every violation of the statute alluded to. The construction of unsafe buildings is an evil of an alarming character, and unless speedily arrested, may eventuate in a sacrifice of life, and in the destruction of property. The Trustees have already prosecuted several persons guilty of the offence spoken of, and recovered the penalty awarded in such cases.

In conclusion, the Trustees congratulate the Department upon its present effective organization. It now ranks for usefulness, good order and discipline, as the best institution of the kind in the country. A variety of circumstances has contributed to this admirable result, and among the most prominent are the following, viz:—the introduction of the Croton, brought from a distant section of the country by the public spirit of our citizens—the division of the city into fire districts—the erection of alarm bells at different points—the construction of engines of heavy calibre, and the expulsion of unruly members, have been the means of placing it in its present excellent condition, and it only remains with its members to preserve its present high standing to insure that confidence and support which our fellow citizens have ever been most willing to extend to it.

The terms of service of John B. Peck, Samuel Barstow and Zophar Mills expires this year. It will be necessary, therefore, to elect three Trustees, to serve three years each. The suit of Jeremiah B. Taylor is yet undecided.

All of which is respectfully submitted,

By order of the Board of Trustees.

ZOPHAR MILLS, *Secretary.*

FINANCIAL CONDITION OF THE CITY.

The financial condition of the city on the 1st of May, 1841, was as follows, as will be seen by the Mayor's Message, from which the following statement is taken:—

"I have requested from the Comptroller, and received a statement of the City Debt up to the first of May last, from which the following appears:

New York City Stocks of 1820, and '29,	$500,000	
Less amount held by the Commissioners of Sinking Fund,	91,200	
		$408,800
Public Building Stock,	$515,000	
Less amount held by the Commissioners of Sinking Fund,	15,000	
		500,000
Fire Loan Stock, a contingent liability,	$882,000	
Less an equal amount of bonds and mortgages owned by the Commissioners of Sinking Fund	882,000	
Fire Indemnity Stock,	$358,900	
Less amount held by the Commissioners of Sinking Fund,	122,700	
		236,200
Floating Debt Stock,	$350,000	
Less amount held by the Commissioners of Sinking Fund,	168,210	
		181,790
Corporation Bonds—a contingent debt,	$585,000	
Less an equal amount of liens on real estate,	585,000	
Water Stocks,	$7,949,377	
Less amount held by the Commissioners of Sinking Fund,	298,000	
		7,651,377
		$8,978,167

"The City Stocks which will be held by the Commissioners of the Sinking Fund at the close of the present fiscal year, will be sufficient to cover, and in effect cancel the stock of 1820 and '29, and the Public Building Stock. The Fire Loan Stock and Corporation Bonds are contingent liabilities of the City, for which bonds and mortgages, and other real estate liens, are held by the Commissioners of the Sinking Fund, which can be realized and applied to the liquidation of the debt at any time. These, therefore, may properly be considered as no part of the City debt, but rather as a loan of its credit on full and perfect securities.

"The Fire Indemnity Stock is, for the most part, payable in twenty-seven years; the provision for its redemption is an annual tax of $25,000, to be levied upon the real and personal estate of the citizens, one-half of which tax would, however, accomplish its redemption in the time fixed.

"The Floating Debt Stock is payable at the rate of $50,000 per annum, to meet which, a tax of the like sum is annually to be imposed.

"It will be seen, therefore, that the principal of all the stocks here mentioned (and which constitute the entire debt of the city, except that for the construction of the Croton Aqueduct), is fully provided for, and capable of being redeemed without resort to the revenues of the Sinking Fund, after the present year; or, in other words, the proper income of the Sinking Fund, on and after May next, when the Croton Water will be introduced, will be applicable, solely, to the cancelling of the Water Stocks.

"The Water debt, as estimated, will reach $12,000,000. It is computed that the income of the Sinking Fund, as at present constituted, will alone be sufficient to meet and cancel it in forty years. It is to be remembered too, that the Sinking Fund will, long before that period, be greatly enlarged from the avails of such real estate as the Corporation may sell from time to time."

FINANCIAL CONDITION OF THE CITY—1842.

The financial condition of the City on the 7th of May, 1842, was as follows, as will be seen by the Comptroller's Report to the Board of Aldermen, [see Document No. 84], from which the following statement is taken:—

City Debt, May 7, 1842.

New York City Fives, of 1820 and 1829,	$500,00
Public Building Stock,	515,00
Fire Loan Stock,	525,00
Fire Indemnity Stock,	358,90
Floating Debt Stock,	300,00
Assessment and other Temporary Bonds,	397,50
Water Stock Fives of 1858, 1860, 1870, and 1880,	8,721,50
Water Stock Sixes, from 1 to 3 years,	1,525,50
Water Stock Sevens, 5, 10, and 15 years,	591,56
	$13,434,96
Less by amount of the same Stocks held by the Commissioners of the Sinking Fund,	898,52
	$12,536,44

Extract from the Comptroller's Report, (1841.)

"The provisions already established by law for the payment of this Debt, are ample; the faith and *property* of the City are pledged for the redemption of the Water Debt, as well as for the other Stocks of the City; these latter are already secured by active means on hand; the payment of the Water Stock is distributed through a period of forty years; the Sinking Fund, established to redeem the old Stocks, is continued and made applicable to the Water Stocks, by repeated enactments of both the State and City Governments. This fund alone, without resort to the property of the Corporation, is capable of redeeming the Debt, within that period; its minimum revenue of $200,000 would alone yield in the forty years $8,000,000, and the compounding through that time would increase it $4,000,000 more."

FINANCIAL CONDITION OF THE CITY—1843.

The financial condition of the City on the 20th of May, 1843, is set forth in the Mayor's Annual Message to the Common Council, as follows:—

The absolute City Debt, both permanent and temporary, as measured by its stocks, bonds and checks, outstanding on the 20th instant, was $13,697,323 33. This sum, however, includes a nominal debt to the Commissioners of the Sinking Fund as holders of its stocks to the amount of $965,805. With this proper deduction, the whole absolute debt may be stated at $12,731,518 33, composed of the following items:

New York City Stock of 1820 and 1829,	$500,000	
Less amount held by Commissioners of Sinking Fund,	95,400	$404,600 00
Public Building Stock,	515,000	
Less amount held by Commissioners of Sinking Fund,	15,000	500,000 00
Fire Indemnity Stock,	375,088	
Less amount held by Commissioners of Sinking Fund,	139,188	235,900 00
Floating Debt Stock,	250,000	
Less amount held by Commissioners of Sinking Fund,	100,000	150,000 00
Water Loan Stock,	11,974,841	
Less amount held by Commissioners of Sinking Fund,	616,217	11,358,624 00
Warrants of Checks outstanding,		82,394 33
		$12,731,518 33

In addition to the above, other certificates of stocks and bonds have been issued, under the authority of the Corporation, to the amount of $710,162 64, which may properly be regarded a contingent liability, and for which the City is indemnified by absolute liens on real estate situate in this county. This contingent debt consists of the following items:

Fire Loan Stock,.....	$525,000	
Less City Stocks held by Commissioners of Sinking Fund,.....	184,780	
		$340,220 00
Assessment Bonds,.....		200,000 00
Revenue Bonds,.....		169,962 2[illegible]
		$710,182 2[illegible]

The provisions for the payment of the above debt are stated in the exhibit for the preceding year. See page 176.

The following is an extract from a communication of the Comptroller made to the Board of Aldermen, July 31, 1843.

An examination of the schedules will show that the Real Estate of the City, including the Croton Water Works, is estimated at $23,627,810 70 and produce a yearly rental of $313.746 80; about $55,000 of which is pledged to and paid into the Sinking Fund, by ordinance of 1813 to reduce the principal of the City Debt (which this day amounts to $12,854,552), and the balance is paid into the Treasury to meet, in part, the interest of the Debt, according to the Act of June 8, 1812, which pledges the whole of the revenues of the Corporation for that purpose.

THE following TABLES, taken from the Comptroller's Report, for the year ending December 31, 1844, will show the Financial condition of the City for that year, viz.:

ALMS HOUSES, BLACKWELL'S I.

NEW ALMS HOUSE,

Blackwell's Island.

The New Alms House Buildings just completed, are situated at the centre of Blackwell's Island, and consists of a main building with two wings for the males, a similar main building with its two wings for the females; two one story buildings used as kitchens, &c., and placed in the rear of each department, and a large building devoted to the purposes of a chapel, ware-house, and public offices. The main building of each department is 50 feet square; the wings are each 60 feet by 95 feet; the kitchens are each 40 feet by 70 feet, and the chapel is 65 feet by 90 feet. The basement floor in the buildings of each department is one step above the ground, and there are three stories above the basement in the centre main buildings, and two stories above the basement in the wing bulldings. The principal story of the main building, is devoted to the use of the offices of the department—having a general office, parlor, apartments for the physician, for the stewards, &c.; the remainder of this building and the whole of the wings are divided into rooms, 22 feet by 56 feet each, for the paupers Each of these rooms is arranged with two or more windows at each end, opening upon a verandah at each story, which admits of their being ventilated in the most perfect manner, by having a current of air passed through them lengthwise at pleasure.

The buildings of the two departments are placed with their length at right angles with the course of the river, and 650 feet apart; the buildings used as kitchens, are placed each 100 feet in the rear of the main buildings, and the chapel is on the centre line intermediate between the buildings of the two departments.

The number of the poor provided with ample accommodations in these buildings. is 1300, which, upon an emergency, may be increased to 2600, by adopting the plan pursued in such cases in other institutions, of using two story bedsteads, after the manner of berths in a steamboat. The facilities for ventilation which the apartments possess, would, it is believed, fully admit of such arrangement.

The whole cost of the buildings, exclusive of the labor performed by the Penitentiary convicts in quarrying the stone, will be about $115,000. The contractors for all the buildings except the Chapel, were Andrew Brady, Mason, and Edward Shortill, Carpenter; those for the Chapel, were, John T. Allen, Mason, and Wm. W. Wetmore, Carpenter; the buildings were erected under the superintendence and after the designs of R. G. Hatfield, Architect.

The following gentlemen of the Common Council, composed the Joint Special Committee, who had the same in charge during their construction and completion, &c.

* The Deaths reported from intemperance cannot be relied on as the whole truth, because many deaths of which intemperance has been the principal cause, are returned under other causes, mostly apoplexy and consumption. As reported, however, the number of deaths in the last few years, in proportion to the population, exhibits a gratifying decrease. The average proportion of deaths to population in 1835, was 1 to 4.087.

COLUMBIA COLLEGE NEW-YORK.

COLUMBIA COLLEGE.

This College was founded under the name of King's College, by an act of Assembly of the Province of New York, 31st October, 1754.

The ground on which the College stands was granted by the "Rector and inhabitants of the City of New York," &c., on the condition that the public religious services should be according to the ritual of the Protestant Episcopal Church. All sectarian tendency was avoided by placing the senior Minister of the Reformed Dutch Church, the Ministers of the German Lutheran Church, the French Church, and of the Presbyterian Congregation in Wall street, among the *ex officio* members of the Board of Governors.

The College was suspended as a seminary of Education, while the city was alternately occupied by the American and British Armies during the war of the Revolution, and its buildings were occupied as a military hospital.

The College was placed with the other seminaries of learning in the State under the authority of the "Regents of the University by a law passed in May, 1784; and was directly superintended by that board until April, 1787. At the latter date the original charter, with modifications adapted to the new order of things was confirmed by the State Legislature. The members of the Board of Government have been since that time styled Trustees, and although in the board named by the Legislature a majority of Episcopalians was placed, as a proper acknowledgement of the bounty to which the greater part of the original endowment was due, the liberal policy of the original foundation has been steadily persisted in. At least one of the clergy of the Reformed Dutch and of the Presbyterian denominations have always been members of the Board of Trustees along with several laymen of persuasions other than Episcopalian. Columbia College has in consequence been more free from any direct sectarian bias than any institution in the United States, in which the forms of public worship are observed. The charter of 1787 was surrendered in 1810 and a new one granted still more in conformity with the spirit of the times. In particular the restrictions placed by the original grant of Trinity Church and the charter of 1754 on the mode of leasing the property was changed with the consent of the Vestry of that Church. These restrictions although not injurious to the revenues of the College at the moment, were a serious obstacle to the improvement of the City and since they were removed the ground held on lease from the College has become the site of some of the best private residences in the city.

The present Board of Trustees and Faculty of the College are as follows :

The following synopsis of the new Post Office Law, is from the Washington correspondent of the New York Express. The Compiler cannot endorse it as being correct.

The Post Office Bills which have passed, are of the first importance. The franking privilege to members of Congress, and officers of Congress is completely restored.

The Post Route Bill covers thirty pages, and to it are appended important sections, amending the present law. The Post routes extended to Oregon and to Mexico, with return mails, this Mexican service (to Tampico and Brazos.) to be performed once a week. During the war, and for three months after, the officers and soldiers of the Army are to receive their letters and newspapers free of postage.

Beside the important war steamer bill which has passed last night, the Post Route bill contains a section which enables the Post Master General to appoint a Deputy Postmaster at Astoria, and such other points on the Pacific within the U. S. Territory as the public interests demand. The P. M. G. in this bill is also authorized to send a mail from Charleston to Chagres, touching at St. Augustine and Key West, and also at Havana, across the isthmus of Panama, and from thence to Astoria, at the mouth of the Columbia river, touching at Monterey and San Francisco. One hundred thousand dollars per annum is appropriated for this service, and the Postmaster General is authorized to make a contract for the performance of the duty. The Postmaster General is also authorized to establish a branch Post Office in any city, when in his judgment the public interests may require,—and no increase of postage can be charged for such convenience, Under this part of the law the Postmaster General may, if he will, establish one or more branch offices in the City of New York.

The Postmaster General may also furnish postage stamps, to be sold to those wishing them, as under the English law.

The bill also appropriates $200,000 for the payment of postage of members of Congress, and Congress generally.

It is also made illegal to deposit *two letters in the same envelope or package* directed to *different persons*. The penalty is $10, one half to the informer. There is, however, a proviso that the law shall not apply to packages sent to foreign countries.

Newspapers not sent from the office of publication are to be charged with three cents postage. So also all handbills and circulars.

Newspapers may be carried out of the mail by any contractor or mail carrier, when either for sale or for distribution.

Upon letters or packages sent by steamboats and vessels, not carrying

the mail. two cents will be charged under regulations to be prescribed by the Postmaster General.

All books and printed matter ordered by Congress are to be regarded as public documents, and as such may be franked.

Postmasters are not allowed any compensation for the delivery of these documents, but the amount received from boxes is for the benefit of the Postmaster, to the extent of $2000, and beyond this it must be appropriated to the support of the office.

The COMPENSATION under the new law will be as follows :

" That in lieu of the commissions allowed deputy postmasters by the fourteenth section of the act of the third of March, eighteen hundred and twenty-five, the Postmaster General may allow on the proceeds of their respective offices a commission not exceeding the following rates on the amount received in any one year, or a due proportion thereof for less than a year :

" On a sum not exceeding one hundred dollars, forty per cent., (present rate, thirty per cent.)

" On a sum over the first hundred and not exceeding two thousand four hundred dollars, thirty per cent, (present rate, twenty-five per cent.)

" On a sum over and above the first four hundred dollars and not exceeding two thousand four hundred dollars, thirty per cent.. (present rate, twenty per cent.)

" On any sum over two thousand four hundred dollars, twelve and a half per cent., (present rate, eight per cent.)

" On all sums arising from the postage on newspapers, magazines, and pamphlets, fifty per cent., present rate, fifty per cent.)

" On the amount of postages on letters or packets received for distribution, seven per cent., (present rate, five per cent.) Provided, That all allowances, commissions, or other emoluments shall be subject to the provisions of the forty-first section of the act which this is intended to amend, and that the annual compensation therein limited shall be computed for the fiscal year commencing on the first of July and ending the thirtieth of June each year, and that for any period less than a year the restrictions contained in said section shall be held to apply in due proportion for such fractional period : And provided, further, That the compensation to any deputy postmaster, under the foregoing provisions, to be computed upon the receipt at his office of a larger sum. shall in no case fall short of the amount to which he would be entitled under a smaller sum received at his office."

If the above be correct. the extra commissions allowed will enable postmasters in the large cities to employ additional Clerks, of the necessity for which there cannot be a doubt.

An Act of the Governor and Councell for the Sentencing and Confiscating the Lands, Houses and Estates, of the Subjects belonging to the States of Holland which shall be found within these the Territories of his Royall Highnesse.

And it is further ordered and decreed, that the entry of this resolution of the Governor and Councell upon the Booke of Records, shall stand firme and valid to all intents and purposes, notwithstanding the formality of the publication is omitted; and the execution of this Decree and order shall and may bee lawfully put in practise at all or any time from and after the date hereof, as fully and effectually as if the same had beene publickely declared and manifested.

The Governor and officers having taken into consideration the riotous insolence and assaults made by Richard Williams, Souldier, against John Van Gee, Burger, of this City, upon the 10th of this instant, February, and that the said Williams without any cause or occasion given by the said John Van Gee, did strike and affront the said John Van Gee, whereupon much blood might have been spilt, and the peace and amity between the good inhabitants, and souldiery endangered, which is never to be violated without severe punishment on either side, have thought fit to give sentence against Richard Williams.

That for his insolent and riotous behaviour hee shall remain in the dungeon until to-morrow, being Friday, the 16th instant, from whence

hee shall bee brought at one of the clocke, by the Marshall, and sett upon the wooden horse until the Guard is relieved : And further that in consideration of this and divers other, his former crimes, his nett misdemeanor shall be punished with running the gauntlet and banishment.

The proceedings against Richard Russell, John Matthews, and Thomas Weale, Soldiers accused of Felony.

Depositions taken before the Governor in Fort James the 9th day of November, 1666.

THE DEPOSITION OF MARK DALE.

The deponent maketh oath that Richard Russell, Thomas Weale, and John Mathews, being all three together in company in some part of the house where hee now dwelleth, hee and his wife bought of them or some of them, 1 Iron Potts, 2 Hoes, 1 paire of Shears, and ¾ of a firkin of Soape, but cannot perfectly remember what part of the house it was in, on what day of the weeke it was, nor what time of the day, or what was paid for the same ; but affirmeth that he and his wife treated with them all three together about the buying of the goods aforesaid, and further deposeth not.

THE DEPOSITION OF ANNE THE WIFE OF MARK DALE.

The deponent maketh oath that Richard Russell, Thomas Weale, and John Mathews, did sell unto her husband and herselfe, 2 iron potts, 3 hoes, 1 paire of shears, and about ¾ of a firkin of soape, for 72 guilders wampum, and that the greater part of the said summe was told by her and divided into 3 parcels, which shee delivered unto Thomas Weale for the use of himselfe, Richard Russell, and John Mathews, discounting with each of them what was due to her from them, but what day this was upon shee cannot remember, only that it was in the forenoon :

Shee further deposeth that Richard Russell told her in the backe yard of the dwelling-house where shee now lives, that hee or they were offered 72 guilders for the aforesaid goods by another and had refused it, but shee should have them for that summe, whereupon the deponent said, if you were offered so much by another, I will give you so much for them, and so the bargaine was concluded ; and further, this deponent saith not.

Richard Russell and John Matthews stood in their justication and deny the fact, but Thomas Weale confesseth as followeth, viz :

THE CONFESSION OF THOMAS WEALE.

Thomas Weale confesseth that hee together with Richard Russell and John Mathews did steale the aforesaid goods out of Captain Carterett's cellar, which goods were by them all sold unto Mark Dale and his wife, as is before specified in the depositions.

Hereupon, they were all three by the Governor's order committed unto the Marshall's hands, and afterwards shut up close prisoners in the Hole.

In the evening of the same day, being Fryday, the Governor ordered some persons to go to the prisoners and advise them to prepare for another world, for that one of them should dye the next day.

November 10th, (being Saturday) in the forenoone, the three prisoners being brought into the Governor's lodgings, they drew lotts for their lives, and the fatal lott fell to Thomas Weale's share.

By the request and intercession of the Court of Aldermen, the condemned person was reprieved until Monday.

Sunday, November 11th, in the evening a company of the chiefe women of the City, both English and Dutch, made earnest suite to the Governor for the condemned man's life.

Monday, November 12th, in the morning, the same women who came the last night with many others of the better sort, and a greater number of the ordinary Dutch women, did again very much importune the Governor to spare him.

Then all the souldiers did unanimously and with one consent joyne together in a petition to the Governor in the behalfe of their fellow souldiers, and chose Sergeant Thomas Exton and Corporal Zachary Banes, to deliver it; but Captain Nedham took it and presented it for them.

The tenour of the petition is as follows, viz:—

To our Right Honourable Governor Col. Richard Nicolls.

The humble Petition of all your Honourable's under officers and soldiers in this Garrison

SHEWETH:

That they doe all acknowledge your Honour's constant clemency towards severall of us in pardoning our misdemeanours, and your just provocation to make a severe example at this time of our fellow souldier, Thomas Weale: Yet we are not without hopes that your Honour will extend mercy towards him, considering his youth and strength for the future may be employed in a Reformation of his life, and to doe his Majestye faithfull service in his calling, and that beyond the ordinary goodnesse of your nature, your Honour may be the rather inclined by the intercession to pardon our fellow souldier, whose sentence alone will strike as great a terror in us, and detestation of such evil practices, as if hee suffered death.

Wee doe jointly and severally, faithfully promise to your Honour that wee will never act, contrive, or conceal any theft or thieves, but doe and will abhorre, and discover any such practices or persons to your Honour, which each of us engage to doe upon the faith and word of a souldier.

Willingly submitting to bee punished with deathe when any of us shall breake, this our solemn promise and engagement.

Wee humbly desire this our Petition may remaine upon Record against the first offender in the like kind, beseeching God to direct your heart to mercy. Wee have unanimously desired Sergeant Eston and Corporal Banes to present this the humble Petition to your Honour, for whose health and happiness wee are ever bound to pray, &c.

Hereupon all the souldiers of the Garrison being drawne up in the Fort, owning this petition, and promising future amendment; the Governor pardoned the condemned person and released him, and all others in prison upon this or the like account, and withall restored to them their armes without any further punishment.

The Decree and Ordinance of the Governor and Councell about the Wumpum stolen from Emity at Albany.

Whereas, it appeares upon examination and confession of John Woolstoncraft and Thomas Browne, that they together with Thomas Bennett stole from the dwelling house of Emity at Albany, by conputation the sum of one thousand Guilders Wampum, or thereabouts which they three divided amongst themselves.

However it appeares that John Pooney had part of the stolen wampums for a bribe not to reveal the same. It also appears that John Woolstoncraft drew the latch of the doore, and let in the aforesaid Browne and Bennett, his partners; and the theft being detected, Captain Baker seized upon some part of the stolen Wampum, which then by the computation of Thomas Rogers, John Shute, and John Woolstoncraft was fower hundred Guilders in black wampum loose and untold, the which Captain Baker tooke into his custody soe computed and sealed the bagge; after which time, Captain Baker opened the bagge to put into it another parcell of the said Wampum found in the hands of John Pooney, which was counted and found to bee 45 guilders.

Now so it is that the Governor, with the advice of his Councell, upon good reasons moving them thereunto doth decree:

That Captain Baker shall make good to Emity the full summe of 400 Guilders which he took upon, guessing to be so much, and 45 Guilders, which he had from Pooney.

That 115 Guilders shall be deducted from Pooney's pay when it is or shall become due.

That 100 Guilders be deducted out of Thomas Bennett's pay.

That 100 Guilders be deducted out of Thomas Browne's pay.

That John Woolstoncraft as the chief actor in the theft, shall make good the remainder of the whole sum stollen except what is charged upon Captain Baker and John Pooney, and to this end Mr. Delavall is ordered to stop the payment of all bills due to the said Woolstoncraft upon what account soever, and to give Woolstoncraft credit upon the pay of Thomas Bennett and Thomas Browne, for his reimbursement in case any pay is due unto them.

This Decree and ordinance is forthwith to be put into execution for the use and behoofe of Emity from whome the Seawamp was stollen in January, 1665.

Given under my hand at Fort James in New Yorke, the 10th of April, 1667.

R. NICOLLS.

The Decree and Ordinance of the Governor and Councell about Woolstoncraft giving satisfaction to Captain Baker.

Whereas, John Woolstoncraft hath openly defamed Captain Baker, for concealing and embezzelling several goods belonging to Captain Abraham Staets, thrown by the inundation upon a part of the Fort, and further accused John Shute, John Gifford, and William Nottingham, to have received each nyne beavers for their part of the spoyle.

Now so it that after an extraordinary strict search and examination it doth no ways appeare that either Captain Baker or the aforesaid souldiers are in the least guilty, but on the contrary that the accusation is malitious, false and scandalous: The Governor with the advice of the Councell do order that the said John Woolstoncraft shall make a publique satisfaction to Captain Baker, to John Shute and the rest of his fellow soldiers whom he hath malitiously defamed; the manner or measure of which publique satisfaction is referred to the discretion of Captain Baker.

Given at Fort James in New Yorke, the 40th day of April, 1667.

William Collard and Anthony Snooke being condemned to dye for deserting and running away from their Colours were upon the following petition from their fellow souldiers pardoned and restored to their Company:

May 29th, 1667.

To our Rt. Hon'ble Gov'r. Col'l Richard Nicholls:

The humble petition of all your Honourable under Officers and Souldiees in this Garrison.

SHEWETH:

That we his Majestyes Loyall subjects and souldiers under your Honourable command, are highly sensible and grieved for the shamefull and undutifull carriage of our fellow souldiers Collard and Snooke. We detest their action and know they have deserved an ignominious death as runaways from his Majestye's service, yet in compassion towards them who through folly or ignorance have been misled into so capital an offence, we become your Honour's Petitioners for their lives, being thereunto the more encouraged (not only from your Honour's constant goodness and clemency towards us) but because the last mercy your Honour showed to Thomas Weale hath wrought so muchs good upon him and all of us in general, that we hope your Honour hath not been troubled with any such complaints since that tyme: We cannot but beare witness against the prisoners, that no cause or reason can excuse them for running from their colours, much less pardonable at a tyme of warres at home which may reach us in a short tyme, for aught we know: We must acknowledge your Honour's care of providing for us against all manner of necessityes as well as souldiers have seen or can expect.

However we cease not to intreat mercy for our two fellow souldiers, for their owne sakes being young men, for ours who resolve to live and die in his Majestye's service, and for this happy day of his Majestye's coronation, that your Honour would be pleased to use Clemency not justice towards them, whereby we shall more and more be obleged to a strict performance of our dutyes as becomes his Majestye's souldiers, and in full obedience to your Honour's Commands for whose health and happiness we shall ever pray, &c.

Bishop speake these words aloud, (viz.)—THAT THERE WAS ANOTHER CUNNING TRICK—upon which the said Captain Botts told the said Bishop that if he had anything to say in answer to what had beene proposed by the Governor, he was best to speak it to the Governor himselfe, who was hard bye, and not to utter such words among the people; To which he made answer;

It is very like that he hath sett you here to harken to what we say, thal you may tell him ; whereunto Captain Botts replyed ; it was not so, but since he thought so, he should take further notice of what he had said ; then Bishop returned answer, what have I said? I said nothing but THERE IS ANOTHER CUNNING TRICK.

Mr. Teller shall within 20 dayes after demand pay or cause to be paid unto his daughter Helena Bogardus, Eighty five Beavers for her portion without deduction to be made upon pretence of debt due to William Teller from her husband deceased, and the Curateurs or Overseers of his Estate are to see that the said Beavers to be preserved and improved only to the use of and behalfe of the said Helena and her child by her husband deceased, against all creditors whatsoever.

That for the better securing of the portions allotted to the younger children, two houses which the said Mr. William Teller hath at Albany, that is to say, the house he dwells in and that where his sonn Andries now liveth with the appurtenances to both belonging, shall be mortgaged to the Weesemasters and Orphants' Estates at Albany untill satisfaction be given to each and every of them, according to the true intent and meaning of the order of the Court of Assizes, and also according to the proposalls of the Weesemasters or Overseers of Orphants' Estates returned hither.

An answer to a Letter from the Schout at Albany touching their Sentence against Emity.

Messients :

I have received your advice and the account of your proceedings against Emity, as also seen and heard what she can say for herselfe and after full consideration, I find no sufficient cause to differ from the sentence, except that you do not place your execution upon the dwelling-house of her husband and her, but that she may give at her satisfaction according to the sentence ; To which purpose Mr. Delavall will wryte to Schout Swart, and give him credit for the summ mentioned : I think it reasonable that Emity should in your presence aske the Domine Schout's forgiveness, and that being done she may be freed from all question for what is past : Because the charges of the Court are not knowne, Mr. Delavall will stop more money of hers in his hands, being parte of the money which was stolen from her formerly, the Schout must send the Court Charges to Mr. Delavall.

The Examinations of the severd persons hereafter mentioned concerning the knocking down of Sergeant Doudell, in the Quarters, &c.

Present { The Governor,
Captain Nedham,
Captain Manning,
Ensign Salisbury.

Sergeant Doudell says that Roger Purchase told him that he should not come into the Quarters, but drew his sword and bid him come in if he durst, and that with several great oaths ; and further that he he heard Purchase sweare to a man (whom he knows not) that if he did open the door he would pin him to the wall.

That at his first coming he had two Musqueteers, at the second tyme he had fower, and demanded entrance, but being refused he broke open the door and was struck down at his entrance, he thinks it was John Kingdome who gave him the blow.

Anthony Snooke sayes the Sergeant told him he was on the round, Roger Purchase answered and said none but a commissioned officer should come in, and bid him enter if he durst ; and the like at his second comeing with two musqueteers more, and saw a sword drawn but in whose hands he knows not.

Richard Parrott,
Henry Jason,
Richard Long,
} all say the same, and they also say that the blow was given from the right side of the door.

Thomas Walton about 8 of the clock at night came into the roome and sayes that Roger Purchase denyed the Sergeant entrance ; That Wm. Fisher, Roger Purchase, and John Kingdome kept the door, Purchase had a drawn sword in his hand ; Kingdome an Iron Fireforke standing on the right side of the entrance of the doore, after the blow

was given ; That Wm. Fisher had no weapon that he knows of, but would at first have opened the doore to the sergeant, but Roger Purchase would not suffer him.

The Proceedings in the Court of Admiralty about the Shipp Cedar, and the Privateers after their return from the French forts in Acadie.

At a Court of Admiralty held in James Fort, Monday the 13th day of April 1668 before noone.

Present { Col'l Richard Nicolls, *Governor.*
Col'l Francis Lovelace,
Mr. Thomas Delavall,
Mr. Ralph Whitfield,
Mr. Matthias Nicolls.

Captain Thomas Salter of Port Royall, in Jamaica, by Mr. Rider, Attorney for Samuel Moseley on the behalfe of the said Salter. } *Plaintiff.*

William Smith, Abraham Keeling, Thomas Davis, Samuel Smith, Thomas Barnes, John Hayter, and Symon Jones, Master and Company of the Shipp Cedar, } *Defendants.*

Captain Richard Morris being security for all the Defendants appearance (the Master excepted) brings them into Court.

At the first session of the Court, the Privateer's petition for a Court of Admiralty was read with the order thereupon.

So also was Captain Salter's letter of Attorney to Samuel Mosely to prosecute for him in general with the said Moseley's letter empowering Mr. Ryder to prosecute the matter depending.

Mr. Ryder puts in allegations from Captain Samuel Moseley Attorney of Captain Salter, against Wm. Smith and Company, which were read, after which the articles between Captain Salter and the ship's company made at Port Royall were produced and read in Court, as also the agreement or articles made between Wm. Smith, Master and Abraham Keeling and Company at Campechie Bay.

Thomas Barnes excepts against his hand and seale in the articles made with Captain Salter, but his marke is proved by the like which he markes ; he likewise objects that every one sett their seales as well as hands or markes, and that there are but 3 seales to the articles produced, and yet 18 names.

The allegation of Samuel Moseley, Attorney of Captain Thomas Salter, against Abraham Keeling reads :

Abraham Keeling mooves for security of Mr. Ryder for prosecution of him, which was ordered, upon which the Court did likewise order that Abraham Keeling and the rest should give in security to stand to the judgment of the Court.

Upon the request of the Privateers that they might have forty-eight hours tyme allowed them to give in their answer to the allegations exhibited againlst them, the Court doth give them tyme till Thursday morning next, at 10 o'clock.

Captain Richard Morris is admitted security for the same persons, he stood engaged for their appearance before untill the next sessions of the Court.

At a Court of Admiralty held in James Fort, Thursday, the 16th day of April, 1668, before noone :

Present, { Coll. Richard Nicolls, *Governor.*
Coll. Francis Lovelace,
Mr. Thomas delavall,
Mr. Ralph Whitfield,
Mr. Mathias Nicolls.

Captain Thomas Salter, *Plaintiff.*
Wm. Smith, Master & Co., *Defendants.*

Upon a motion made to the Court by the Defendants, Captain Morris was admitted their Attorney to plead for him.

William Smith Master puts in his answer to Captain Salter's allegations by himselfe.

Upon Abraham Keeling's pleading for himselfe, divers things were objected against him, and the testimonyes of several persons upon oath produced in wryting against him, viz : Luke Watson, Patrick Hayes, and Wm. Merritt's oaths, as to his common discourses against the Lawes and the Justice of the Government. Phil Johns and Ned Shackleton, as to their being threatened to be thrown overboard by him.

The Governor demands satisfaction for the abusive words and scandall of the Government, as also for the combination against Wm. Smith the Master.

Captain Morrison on the behalfe of the Privateers, objects against Mathew Salter's letter of Attorney to Moseley, and puts them upon the proof of it, but awhile after submits to the judgment of the Court who were well satisfied of the validity thereof.

Thomas Davis, Thomas Barnes, John Hayter, who swore at a Court in New Jersey, that the condition of their articles was under the penalty of £200 ; being demanded how they came to take such a rash oath, the summe mentioned in the said articles being but £100.

They do all declare that they did confidently believe the summe to be £200, as they had sworne, and the rather for that Keeling showed them frequently a paper which he said was copy of the articles, wherein the said £200 was inserted, in which copy it was likewise mentioned that the said summe was to be forfeited if the Master should after they arrive at the first port refuse to deliver up the articles.

The Defendants not having brought their answer into Court in wryting, are ordered to bring it in on Saturday next at two of the clock, afternoone, Captain Morris refusing any longer to stand bayle for the Defendants, Mr. Delavall upon his own proposal is admitted bayle in his stead.

Abraham Keeling was excepted against by the Governor for his reviling and defaming the Government, so stands committed in the custody of the sheriff.

But upon further consideration it was ordered that the said Keeling should put in good security to answer only to Captain Salter's allegations at the next Court of Admiralty, which if he cannot or doth not procure, then, that he remain a prisoner untill that tyme.

At a Court of Admiralty held in James Fort, the 18th dao of April, 1668, afternoon.

Present, Coll. Richard Nicolls, *Governor.*
Coll. Francis Lovelace,
Mr. Thomas Delavall,
Mr. Ralph Whitfield,
Mr. Matthias Nicolls.

A petition was presented to the Court from 5 of the Privateers, acknowledging their order and casting the sole fault and blame of their actings and miscarriages upon Keeling, and who was their sole instigator and director, and humbly throwing themselves together with their whole case upon the clemency of the Court.

The said 5 persons being required by the Court te take their oaths to what they say they were sworne.

Whereupon they declared and acknowledged their petition brought into Court to be their joint act.

Then being demanded by the Court how Keeling came to be of their company, they acknowledged that 3 of them went to Wm. Smith their master to treat with Keeling and Throgmorton to go along with them, they being in want of provisions and hands, and did propose equal shares to them of what loading they had, if they would supply them, to which they consented, came aboard where the articles were afterwards made.

The privateers answer to the allegations of Captain Salter in their petition is to be taken into consideration by the Court.

The allegations against Abraham Keeling being called upon for answer, he insists upon the agreement made with the company for an equal share with the rest and gives that in for his answer.

The 5 privateers are dismissed until Monday, when they shall heare the determination of the Court.

Abraham Keeling is committed back to the custody of the Sheriff untill further orders.

At a Court of Admiralty held in Fort James the 13th, 16th and 18th days of April, 1668.

THE SENTENCE AND DETERMINATION OF THE COURT.

Upon a full hearing of the difference betweene Samuel Moseley of Boston, Marriner, as Attorney or Procurator of Captain Thomas Salter of Port Royall, in Jamaica, Plaintiff, and Wm. Smith, Abraham Keeling, Thomas Davis, Samuel Smith, Thomas Barnes John Hayter and Symon Jones, Master and Company heretofore belonging to the shipp Cedar, Defendants.

We find by the several examinations of the defendants taken at this first comeing into this port, and by what hath been here declared in Court, that the Defendants, Wm. Smith, Master, and Abraham Keeling, Marriner; who had signed no articles to Captain Salter, as also Thomas Davis, Samuel Smith, Thomas Barnes, John Hayter, and Symon Jones, who had signed articles and conditions to and with Captain Salter, were not in any capacity to returne to Jamaica, according

to their articles and conditions, but were really forced to this porte by contrary winds, want of provisions, sailes and rigging, and afterwards necessitated for their relief and subsistence, to make sale of your Campechie wood which was brought into this port by him and is now in question.

It appeares likewise to this Court by the said articles made by the Defendants or parte of them with Captain Salter, (which are the sole strength of his plea,] that the said defendants were to have a proportion or share of whatsoever Campechie wood should be taken in that voyage, and that Captain Salter returned to Port Royall in the George laden with Campechie wood.

This Court doth therefore and hereupon judge and order that the said Campechie wood now in controversy or question here, as aforesaid, or the product thereof, doth and shall remaine to the defendants proper use as the just proportion or share, of all that was taken in the said voyage from Port Royall, aforementioned, the sale whereof, by Wm. Smith, Master, and the whole company, is allowed by this Court they having acknowledged before the Court to have received satisfacfaction and payment for the same.

They do also order that the Indian brought in hither by the defendants as parte of their prize, shall be sold to defray the charges arisen on both sides upon that occasion.

But the Shipp Cedar now under arrest at the suite of Captain Salter, shall remaine for the use of the said Captain Salter, with the remainder of all such tackle, apparel, cannon or ammunition, as belonged to the said vessell when she came first into this port; the just debts of the said shipp being first deducted and paid, and all former pacts, contracts, articles or agreements at any tyme made, touching or concerning the disposall of the said shipp Cedar, by or between the said defendants or any of them, either by sea or land and by this Court adjudged and declared void and of no effect to all intents and purposes whatsoever.

Feb. 20th, 1668.

The Privateer's Petition to the Right Honorable Richard Nicolls, Governor under his Royall Highnesse the Duke of Yorke, of all his Territories in America.

The humble petition of Abraham Keeling, Thomas Barnes, Thomas Davis, Symon Jones, Samuel Smith and John Hayter.

HUMBLY SHEWETH :

That your poore petitioners have since they came into this port, run through many difficulties both before and since they attended your Honour's Commission, but now are almost driven to despaire by reason of the great troubles that unexpectedly are fallen upon them.

Your petitioners being every one of them in the first place under arrest at the suite of Mr. Delavall in an account of debt.

In their next, their vessel which they brought in hither with them, together with her furniture, attacht at the suite of Captain Salter; and at last they are all arrested at the said Salter's suite.

As to the first, your petitioners are both ready and willing to answer and make satisfaction as far as in them lyes for what is their due to pray.

For the other two, your petitioners being in a very mean and low condition, and having many and great enemyes, do humbly implore your Honour's reliefe, in particular that your Honour will be pleased to order a special Court of Admiralty according to customes of your Government, wherein your Honor will please to be present with some persons that are knowledged in the lawes and customs of the sea, and of such affairs. To hear and determine the matters in difference between the plaintiff and your poore petitioners, the defendants, to whose wise determination they will readily submit.

And as in duty bound shall pray, &c.

The order upon the Petition.

Whereas, the petitioners stand arrested at the suite of Captain Salter to make their defence before the Court of Mayor and Aldermen in this City, and that the matter in difference relateth to the lawes of a Court of Admiralty, the Mayor and Aldermen are by these presents requested to suspend any proceedings in the case, as either to the hearing or determining the matter in controversy, only that the partyes arrested shall give security to the Court for their appearance before a Court of Admiralty, to answer the suite of Captain Salter when such a Court shall be called not exceeding six weeks after the date hereof.

Given under my hand this 2d day of March, 1667, in Fort James.

R. NICOLLS.

Another Petition of the Privateers.

To the Right. Hon. Coll. Richard Nicolls,
Coll. Francis Lovelace,
And the rest of the Hon'ble Court of Admiralty.

The humble Petition of Thomas Davis, Thomas Barnes, John Heyter, Samuel Smith and Symon Jones, in all humility shew unto your Honours:

That whereas it was ordered by this Honourable Court, that the petitioners should answer the allegations against us in wryting the next sitting of this Court. your poore petitioners do crave pardon of the Court for not obeying the order, by reason we are not at all knowing in such matters, and that Keeling should plead for us, we are in duty bound to pray for your Honours and the Court's clemency in judging aright, that what was acted in the other Colony was by the instigation and false oath of Keeling to us in so often affirming that what he shewed us, was the same we had signed to, which was the occasion of the great fault and mistake in swearing so positive as we did, not out of any ill-will that we bore to the Master, Wm. Smith, but solely and wholly persuaded thereunto by the said Keeling upon several fair

and large expressions he made to us, urging that if we did not do it we should all be ruined, and upon these reasons we cannot make choice of him to plead our case, but with all humble submission throw ourselves upon the mercy of this Honourable Court confessing ourselves to be guilty of what this Court hath alledged to us.

Therefore, your poore petitioners do most humbly pray your Honour to take into your consideration the sad and deplorable condition of your petitioners that they may be discharged from the arrest of Salter, for his pretence to the Campechie wood that was brought in by us, it being sold for our subsistence, and with submission, we do conceive we have not had more than our just shares, but rather lesse if we had gone to Jamaica to make our dividend. And for what your petitioners do justly stand indebted to Captain Delavall, may be deducted out of the apparell and furniture that the Honorable Coll. Nicolls did furnish us withall, and out of his great goodness did afterwards give to us of the shipp's company. And as to the Shipp Cedar, as she was when we brought her in, as also the Indian man, we do Jointly and severally refer it to the judgment of this Honourable Court to determine whether it doth belong to Captain Salter or your petitioners, they earnestly requesting of your Honours that they may be relieved from these multitude of troubles, that through the false delusions of Keeling they are now ensnared and netangled in.

And as in duty bound they shall ever pray, &c.

Boston, the 1st day of Nov., 1667.

As unacquainted, I most kindly salute you, being informed by my good friend, Captain Thomas Breeding, that you are related to the law, have taken the bouldness to acquaint you of a business that was committed to my care by one Captain Thomas Salter, of Jamaica, commander of a privateer man of warre who it seems took a Spanish vessell laden with Campechie wood, and made one Wm. Smith, master of her, with orders to bring the said prize to Jamaica, but contrary to his orders hath brought the said prize and her loading into your port, as I am certainly informed.

By the enclosed you will see what power the said Salter hath given me, thinking she might have beene in these partes, which power with the seaman's engagement enclosed; I send you, and by this do give you full power, to sue the said Smith & Co., in case they have disposed of any of her loading, and to arrest the said vessel and take her into your possession for the use of the aforesaid Salter, and if this, my letter of Attorney shall not be thought sufficient, that they give good security to stand to what the lawe shall give, and upon convenient notice, I shall come myselfe. I not being willing to take such a journey this winter, what you shall disburse Captain Nedham shall pay you, and you will oblige

To his Royall Highnesse James, Duke of Yorke, &c.

The humble Petition of John Decker, of Amsterdam, late of the Councell in the service of the West India Company, for New Netherland.

SHEWETH :

With all submission to your Royall Highness that about or very little before your Royall Highness a fleet appeared in New Netherland, (then so called,) there were arrived 200 negroes or more for the

account of the said Dutch West India Companye, of which number 20 negroes were then granted your petitioner, by the then Dutch Governor and Councell there, on account of your petitioner's monthly salary in the quality aforesaid, and were by your petitioner accordingly received, and some of them by him transported to the Fort Orange, (now called New Albany,) intending to sell them there, having the the other 10 negroes in (now so called,) New Yorke, in the custody of one Resolved Waldron, to dyett and keep them for the petitioner.

Now so it is, may it please your Royall Highnesse that the reduction of New Yorke to your obedience hapning in the mean while; one Thomas Delavall, whom the petitioner supposed to have been appointed by Coll. Richard Nicolls, the Governor, seized these ten negroes of the petitioner at New Yorke, as negroes belonging to the said Dutch Company, being possibly so informed, which yett indeed was not so. The petitioner therefore most humbly imploreth the benefit of the said Article of the Capitulation there made before the rendring of that place to your Royall Highnesse's obedience as aforesaid, which is in these very termes, viz:

Artiele 3rd.

Every one shall be and remaine a free citizen (or denizen) and retain their lands, houses, goods and shipps, &c., wheresoever lyeing and being in any parts of these countreys, and dispose of the same at their own will and pleasure.

The supplicant then humbly beseecheth your Royall Highness to give orders accordingly, that he may have the full benefit of this article and be restored to that proportion of his owne goods, namely ten negroes or the value of them.

The petitioner also most earnestly beseecheth your Royall Highnesse's effectual orders whereby he may obtain satisfaction for the six thousand four hundred and thirty-one Guilders and seventeen stivers, Holland money, (the price of the ten negroes comprehended therein, and to be deducted out of the same,) which are really due to him, the said petitioner upon his earned salary from the said Dutch Company, with the interest, and all costs and charges already suffered and hereafter to be suffered; who notwithstanding all imaginable endeavours used by the petitioner in fairre and respectfull wayes to procure satisfaction thereof from them, do as yett frustrate your petitioner of these his dues; otherwise, that it may graciously please your Royall Highness to require the present Governor there, Coll. Lovelace to do right herein unto your petitioner or his assignees out of such effects as he shall fynde of the said Dutch Companye's remaining and disposable, within his power.

And your Petitioner shall ever pray, &c.

I refer this petition to Coll. Francis Lovelace, Governor of New Yorke, desiring him to examine the truth of the Allegations contained in it, and to do what right to the petitioner which he ought to have by the articles of surrender, or by the usual course of justice in New Yorke.

CITY HALL, *Friday 24th July*, 1654.

EXTRAORDINARY SESSION AT THE INSTANCE OF J. JANSEN, JR.

Present Their

Lordships

ARENT VAN HATTEM,
MARTEN CRIGIER,
P. L. VANDIEGRIST,
WILH. BEECKMAN,
PIETER WOLFERSEN,
OLOFF STEVENSEN.

At this Session it is unanimously resolved and determined, that from this time forth until it shall be otherwise ordered, for every extraordinary session that the parties wish out of the ordinary Court days shall be paid—to wit: for each Councillor (of the court) four guilders—for the Secretary, the same, four guilders, and for the Court messenger, two guilders, and that by the person who calls the same, thus done and provisionally passed at New Amsterdam, dated as above.

Jan Jansen Jr. Plaintiff,

vs.

Captain Jan. Jacobsen, Defendant.

The plaintiff declares that the defendant has slandered him by saying that he had sold the brandywines had of him for more than he allowed the defendant in the account rendered, requests the proof or otherwise legal reparation for his reputation according to petition.

The defendant Captain Jacobson replies that he heard from Adrian Keyser in the presence of Cornelis Coenraetsen, Jacob Vis, and Abram La Mooy, that Jan Jansen, jr., not only once but oftener, had sold of his Brandywine, for 9 and 9½ beavers for each ancker and brought into the account without specifying to whom : and that he had allowed him in the account only 7 beavers for each ancker, and thus it would seem that he had traded unfaithfully.

The plaintiff replies that he had sold only two anckers of Brandywine for 8 beavers per ancker, one to Teunis Kraey, and the other to Nicolaes Terhaer, which he rectified in his last account, and offers to bring the persons, to whom he sold, into Court to testify how the same have been paid for.

Adrian Keyser having been summoned appeared and declares that he heard from Nicolaes Terhaer, that he had bought of Jan Jansen, jr., one ancker brandywine for 8 beavers, and the other for 8½, and that it is probable that through haste or carelessness he might thoughtlessly said that he had sold for 9½ beavers for each ancker according to the testimony of D. Provoost and D. Schellinger, but does not recollect anything about it.

Jacob Vis testifies in Court, that he heard Adrian Keyser in conversation with Captain Jacobson, say that Jan Jansen, jr., had sold the brandywine at 8½ and 9½ per ancker, and that he could prove it.

Abram La Mooy testifies in Court that he cannot say precisely what words passed, as he was passing to and fro and therefore paid no attention.

The Court proposed to Jan Jansen, jr., whether he wished to leave the dispute to Commissioners, or otherwise, and he answers he is well disposed to settle in amity and friendship, but in no wise will suffer that his name and fame should be in the least injured, but must be honorably, and that he holds Captain Jacobsen for the person.

Captain Jacobson has the same proposition made to him for the settlement of the dispute, whereto he only says that he had heard so, which he has proved, or he can further prove.

The parties and their points on either side having been heard, and everything having been attended to by reason of their not being able to bring about an accommodation, have ordered Captain Jacobson to produce proof that Jan Jansen, jr., had sold the Brandywine for more than he allowed him in the account. And that Jan Jansen, junr., shall deliver in his account, specifying to whom the brandywine was sold and that by the next Court day.

It is resolved in Session to send the following Missive to the Right Honourable the Directors in the Ship "Koning Salomon."*

Right Honorable, wise and provident Lords and Patroons.

It has given us great pleasure that your right Honourable Lordships have been so well pleased with our simple and humble petition to your Lordships, that we may enjoy the fruits thereof, and that have been graciously admonished. We thank Your Lordships most sincerely for the benefits bestowed on this City, and do acknowledge ourselves bound to regulate and behave ourselves comformably to the contents of Your Right Honourable Lordships' rescription. The displeasure of Your Lordships' because we or any of us should have suffered ourselves to be stirred up by the evil affectioned to the erection of a Court contrary to order (we trust) can be removed and will no longer rest upon us, whenever (with permission) you cast your eyes upon the order which the Director General himself was pleased to give. Your Right Honourable Lordships may rest assured that we have never conspired with evil affectioned persons (nor do we know any such among us here) we have never thought of anything but of discharging our duties to the utmost, as we yet design nothing else than to behave ourselves peaceably and quietly under the government placed over us. It grieves us that such an opinion is entertained of us that we should be charged with holding particular conversations with the English, or others, or in the form of deliberation concerning matters of State, or what is worse still with attempting to make a change in the state and in the government itself, in all which we intended nothing else than to make humble petitions to your Right Honourable Lordships, and to exhibit to the best of our ability the situation and necessity of this country. We moreover state that the necessity required this most imperiously, all however with no other design than waiting for Your Lordships' gracious favour thereon for the best of the country, as they in their wise discretion might determine.

We have, with the whole Burgery (without boasting) then fully submitted, and with order have advanced the outside and inside works for the defence and preservation of these lands in making journeys and enduring watchings, and what more could be demanded, but executing the pleasure of the Director General and Councillors; as to the propositions made by the Governor General and Councillors in the month of June, and what took place will be fully declared by the same works—after or as soon as we comprehended the orders and pleasure of Your Lordships, we were ready to obey.

* King Solomon.

Therefore we expect that all will be received and considered by your Lordships, so as the same may, in your wise discretion be found conducive to the general good, rest, peace, and principally to the removal of and scattering of hatred and passion—and since we now have peace with our near neighbours, may also sincere and Christian love be extended to our superiors, and the same again from them to us and the commonalty, and be manifested in our deeds.

God keep Your Right Honourable Lordship's persons in long enduring prosperity and health until salvation.

Signed by the Burgomasters and Schepens of the City of New Amsterdam.

CITY HALL, *Tuesday, 4th August*, 1655.

Present, The Lords

ARENT VAN HATTEM,

WILLEM BEECKMAN,
PIETER WOLFERSEN,
OLOFF STEVENSEN.

And the officer C. Van Tienhoven, who delivered over certain writings from the Director General and the Councillors, together with an order for the reading of the peace, and also the printed placard about building on the lots within this city and the buying in and taking possession of the lands without the consent of the Director General and Councillors requesting that they may at the same time caused to be proclaimed by the burgomasters and schepens, which placards and the thanksgiving day were accordingly published after the ringing of the bell from the City Hall.

Copy of the writing or letter of the Director General and Councillors to the Burgomasters and Schepens,

The Governor General and Councillors at different times and on different occasions reminded the commonalty as well as the Burgomasters and schepens of the necessity, as it is customary in other countries and especially in our father land, to devise certain ways and means whereby the *Polity, Religion*, and the *Militia* may be maintained and supported, and the said ministers be placed beyond complaint; and although the Director General and Councillors have shown this necessity clear as the day, yet up to the present time they have not received any satisfactory reply thereto, nor yet any evidence of inclination and disposition towards urging on such a necessary object. but the Burgomasters and Schepens have been prodigal of fine promises, without any succeeding action during the last year, as in their own request may be seen, when they obtained from the Director

General and Councillors the receiving of the Tapsters' Excise for their particular Compting House, on the condition that out of it the *Ecclesiastique* should be paid and satisfied in full, and that the Burger masters and Schepens should provide something else for the same purpose, wherein the Burgomasters and Schepens have not only in all remained delinquent, but up to this date have returned no answer to Director General and Councillors, concerning their order to the Burgomasters and Schepens made in behalf of the ministers of God's Word, much less in any account and exhibition, what has become of the proceeds of the Tapsters' excise (before this always collected in the general treasury) The Director General and Councillors are compelled by their office and duty, at the direction of their Lords and Patroons, yet once more to remind the Burgomasters and and Schepens of the necessity of provisions for the maintenance both of the political and ecclesiastical ministers and of the *Militia* whom their Lordships the company have sent us by the last ships, and yet in a greater quantity expected, whereupon then the Burgomasters and Schepens are called upon for their quota, with the order and direction of the well advised Lords, and as they have often admonished us without any further delay or exception. And to order their clerk and reciver to return an answer by next Monday, with an account of receipts and expenditures of the Tapsters' excise, wherein we wish to purge ourselves.

Thus done in tqe Session of the Director General and Councillors held at New Amsterdam in New Netherland this 2nd August, 1654.

Signed,

P. STUYVESANT.

An ordinance of the Director General and High Councillor.

Attest. CORNELIS VAN RUYVEN, Secretary.

The Burgomasters and Schepens appointed Paulus Leandersen Vandiegrist, to assist the secretary Kip to prepare the account of the expenditures incurred last year in the general works by next Monday, and that the receiver shall briefly make out the balance of the excise, and to make known the same to the Governor General together with the resolutions made in respect to the letter, and verbally to propose some points.

Done in Session, &c.

In relation to the sentence of Antony Jansen, contra Willem Stronguits, the following Apostille was made. At the request of A. Jansen the Officer is authorized and charged to execute the said sentence according to law.

Signed,

A. VAN HATTEM, *President.*
JACOB KIPP, *Secretary.*

The Burgomasters and Schepens of the City of New Amsterdam, assembled in College (except Marten Crigier) having examined a certain letter addressed to the Director General and Councillors, dated 4th of August (1654) in relation to certain provisions to be made, and

also to provide for the payment of their quota in making the general works of the country. Therefore the Burgomasters and Schepens aforesaid, having made an estimate of the expenses incurred, that the outside and inside works made in this year and the last year amount to about 16,000 guilders, wherein they are resolved together with the other Courts of Justice to make up their quota, which they estimate at about 3,000 guilders as their portion, and they do engage to furnish the same provided that the Director General and Councillors shall authorize the Burgomasters and Schepens to lay a tax on real estate, under the jurisdiction of this Court of Justice, wherever they find it.

Thus done and resolved in session held at New Amsterdam in New Netherland this 10th August, 1654.

Jan Jansen jr., contra *Captain Jacobsen*. Captain Jacobsen being sick was absent, but Jacob Vis appeared in his place.

The plaintiff persists in his previous demand and gave in according to the order of the 24th July last, a full specification to whom and how the brandywines he had of Captain Jacobsen had been sold, offering to bring the persons to whom and how the brandywines he had of Captain Jacobsen had been sold, offering to bring the persons to whom he had sold, into court for examination.

The Defendant proved by the testimony of Cornelis Coenraetsen and Jacob Vis, that A. Keyser had said to Captain Jacobsen, that Jan Jansen, jr., had sold the brandywines for 9 beavers tne ancker, and further they say not.

The Burgomasters and Schepens having examined the matter, decide that the specifications of the account be furnished to Captain Jacobsen, and if he has anything to show contrary to the account, he must bring it in by the next court day, or in default thereof the matter will be finalty disposed of.

Thomas Hall, Plaintiff, contra *Thomus Stevensen*, Defendant.

The Defendant I default. But leaves a requested copy of his declaration for an answer thereto at the next court day. The Plaintiff makes his declaration as Attorney for Willem Robbins living at the Fresh River in Connecticut and demands the payment of £12 12s.

English, according to moneys which he had received from the brother of Robbins in England to purchase some goods therewith, and which he was to send him as appears by a certain writing.

By the Court it is ordered that the Defendant Thomas Stevenson shall have a copy of the declaration, and thereto shall give in his answer precisely at the next Court day.

STADT HOUSE, *Monday 17th August*,

Present, the Lords,

ARENT VAN HATTEM,
WILLEM BEEKMAN,
OLOFF STEVENSEN.

Jacob Kipp, plaintiff contra *Judich Verleth*, defendant.

The Defendant absent, but caused to be delivered to the court a certain writing.

The Plaintiff declares an arrest for the payment of 30 guilders (according to the sentence of the 12th January last) made under Paulus Leendersen Vandiegrist, requests that he may lift the money according to the aforesaid sentence.

The Burgomasters and Schepens having examined the writing and having attended to every particular. do persist in their former sentence of the 12th January last 1654, and authorize the plaintiff to lift the arrested moneys which is signed by the President.

Jan Vinze, plaintiff, contra *Paulus Heymens*, defendant.

The plaintiff declares the payment of £37 10s. for delivered beer.

The Defendant confessed the debt, and engaged to pay the next week without delay, which the plaintiff accepted and the parties retired.

Jan Vinze, as Attorney for *Teunis Dercksen*, plaintiff, contra *Paulus Heymans*.

The Plaintiff claims the payment of the balance £92 10, for boards by him sold to the defendant.

The Defendant confesses the debt and offers to give him an order on persons at Fort Orange.

The parties having been heard, the Burgomasters and Schepens condemn the defendant to pay within four weeks from date.

Thomas Hall, plaintiff, contra *Thomas Stevenson*, defendant.

The Plaintiff persists in his former demand, and requests that the Court will appoint Commissioners for the purpose of shortly examining and deciding the case at the least expense.

The Defendant delivered his answer and his demand per contra in

writing, but says he will be satisfied with the verdict and decision of commissioners thereunto appointed.

The Burgomasters and Schepens of the city of New Amsterdam appoint as commissioners in the premises, Captain Teunis Willet, and Mr. Isaack Alerton, at a convenient time, to be appointed by them, to examine the dispute of the parties, and if practicable to bring an accommodation, and to give a verdict after having understood the case, or otherwise to report to the College.

Gerret Jansen Clinkhammer, (bell clapper,) plaintiff, contra *Lowrens Cornelis Van Wel*, defendant.

The Plaintiff demands payment of 24 guilders for month's wages earned by him.

The defendant confesses the debt, but the question is only, whether the plaintiff is not bound to pay part of the loss of the schouw.

The parties having been heard, the Burgomaster and Schepens of the city of New Amsterdam, do condemn the defendant Schipper Lawrens to pay the remaining monthly wages, since he acknowledges that Gerrit Jansen, on the day on which the schouw was lost, did not labour, but was then exonerated by others as well as by Schipper Lowrens the defendant himself.

Thomas Stevenson, plaintiff, contra *Jan Barcker*, defendant.

The Defendant I default.

Hage Bruynsen, plaintiff, contra *Willem Harck*, defendant.

The plaintiff declares that he bought a cow of the Indians, for a cloth coat that cost him one beaver and one guilder, making in all nine guilders; requests that he may retain the cow which the defendant is endeavouring to take away, or otherwise pay him what he gave for the cow.

The Defendant says that he bought the same cow of the Indians in the presence of Gouert Lockermans and that he gave £10 10 for it, which cow Harck's wife found, and as it was his own, he took her with him, and now offers to pay the half of what Hage gave for her.

The parties having been heard, it is decided by the Court that W. Harck shall be held to restore the cow to Hage Bruynsen for which he has paid, and which cow he had taken away without consent of Hage Bruynsen without any claim thereto.

Francoys Dodney, plaintiff, contra *Jan Laurens*, defendant.

The Defendant I default.

The Plaintiff opening his case declares the payment in full of what is promised him as minister of Vlissinge.

It is decided by the Burgomasters and Schepens, that the case cannot be tried by them, but the petitioner must address himself to the Director General and the high Council, and at the same time to the consistory.

Antony Pieterson, plaintiff, contra *Willem Strongwits*, defendant.

The plaintiff according to previous sentence demands the payment of his earned wages, being 260 lbs. of tobacco.

The Defendant says that he is willing to pay, if the plaintiff will deduct the freight and the duty.

The parties having been heard, it is decided by the Burgomasters and Schepens, that the defendant, Strongwits, pay to the plaintiff Antony Pieterson, according to former sentence, without any longer delay, and he is debarred from his claim of freight and duty, as he ought to have paid him before this time.

Jan Lambertsen, plaintiff, contra *Lysbet Pieterson*, defendant.

The Plaintiff's *wife* appeared, asks payment of 15 guilders, the balance coming to the plaintiff in the sale of a certain dwelling-house.

The Defendant confesses the debt; as the Carpenter Calebuys has his work, agreed for in the purchase, ready and prepared, and a sufficient deed has not yet been given, he sustains that she is not obliged to pay.

The parties having been heard, Jan Lambertsen is condemned to have the work that is prepared and ready done and finished as agreed in the sale; upon this being done, and a sufficient deed having been given, Lysbet Pieterson shall pay the remaining 15 guilders.

Roelof Jansen & Jan Gerritsen Jan (Masons), plaintiffs, contra *Hendricksen Roopal* (Buyall), defendant.

Concerning payment for the making of a celler under the house of the defendant, according to obligation and agreement.

The defendant confesses the debt, promising to pay the plaintiff within 14 days, before the departure of the ships to fatherland, on the condition that the remaining work be finished, for which he promises to provide the materials; the plaintiffs being satisfied with this, the defendant is ordered to fulfil his engagements without delay.

Whereas it hath been represented to this Board, in behalf of Mr. Lawrence Embree, one of the Commisioners of the Alms House, that the company of comedians in this city, some time since, presented him with forty pounds for the use of the poor,—that although, he disapproved of a donation so circumstanced, he thought it his duty to suffer it to be deposited with him, until the sense of the Magistrates respecting the same could be obtained. Whereupon the Board came to the following resolutions, viz.—

Resolved—That it appears that the play-house was opened by the said company of comedians without the license or permission of the civil authority, which in the opinion of this board, is a thing unprecedented and offensive.

Resolved—That while so great a part of this city still lies in ruins, and many of the citizens continue to be pressed with the distresses brought on them in consequence of the late war, there is a loud call to industry and economy, and it would in a peculiar manner be unjustifyable in this corporation to countenance enticing and expensive amusements. That among these a play-house theatre, however regulated, must be numbered, while under no restraint, it may prove a fruitful source of dissipation, immorality, and vice.

Resolved—That the acceptance of said donation, by the advice of this board, might authorize a conclusion, that they approved of opening the said theatre, and that therefore it be, and it hereby is recommended to Mr. Embree, to return the same to the person from whom he received it.

Ordered that the aforegoing resolutions be published in all the newspapers of this city.

At a Common Council, held on Thursday, 19th day of October, A. D., 1703.

Whereupon the Mayor attended as aforesaid, with the like formality, went to Trinity Church, where the Reverend Mr. William Vesey, the Rector thereof, after Divine Service, preached a sermon suitable to the occasion, which done, they returned to the City Hall, where after the ringing of three bells, the commissions of the Mayor and High Sheriff were published, after which they all went up into the Court Chamber, where the new Mayor assumed the Chair, and by Mr. Recorder was presented with the charter and seals of the city, which done the aforesaid oaths, test, and abjuration oath, as also the oath for the due execution of their respective offices were administered to Jacobus V. Cortlandt, Esq., Alderman of the Dock Ward; John Hutchins, Esq., Alderman of the West Ward; David Provoost, Esq., Alderman of the North Ward, Jeremiah Tothil, Alderman of the East Ward, and Johannes Janson, Esq., Alderman of the South Ward. In Common Council, on Tuesday the 3d of April, 1787.

Mr. Mayor laid before the Board a concurrent Resolution of the Senate and Assembly, dated the 26th November, 1784, which was read, purporting, "That the Monument by the United States in Congress, ordered to be erected to the memory of Major General Montgomerie, be erected in the City of New York, at such particular place as the Mayor, Alderman and Commonalaty of the said city in Common Council convened, shall appoint." And Mr. Mayor observed to the Board that the respect due to the memory of the great Soldier and Patriot demanded the first attention of the Board to the fixing on a suitable place in this City for the erecting of the said Monument, and that the same be put up without delay.

The Board therefore proceeded to the consideration of a place for erecting the Monument. and the front of St. Paul's Church in this City was unanimously agreed to be the most proper place.

And thereupon it was ordered that a Committee be appointed to consult with the Church Wardens and Vestrymen of the Episcopal Church on the subject, and if approved of by them, that the Committee take order and direct the said Monument to be properly erected accordingly. Ordered, that Aldermen Gilbert, Bayard, and Hazard, and Messrs. Van Zandt, and Van Dyck be the Committee and that Mr. Mayor. be requested to advise and assist the Committee in the business.

FIRST ORGANIZATION OF CONTINENTAL ARMY.

New York Regiments.

The first germ of the Army of the United Colonies was the militia of the State of New York. On the 26th of May, 1775, the Continental Congress "resolved unanimously, that the militia of the State of New York, be armed. trained and kept in constant readiness to act at a moment's warning." It was also by unanimous resolution recommended to the Convention of New York to persevere the more vigorously in preparing for their defence. This was the first important military movement of the new and first Continental Congress.

On the 14th of June, 1775, the Congress appointed rules and regulations for the government of the army. The militia then in service being thus considered to be embodied as "the army." The action of Congress resulted in a general organization by the appointment of one General-in-Chief, four Major-Generals, and eight Brigadier-Generals and the general staff of the army. It was on this occasion that George Washington, Esq., received all the ballots as General-in-Chief, and rising in his place on the floor, modestly but gracefully accepted the trust.

On the following 22d of June, it was resolved that officers then in the army receive their commissions through the new General-in-Chief. This would seem to be a formality necessary to their change of character from provincial militia to the army of the United Colonies. Six days after this resolution Colonel Van Schaick was commissioned, being the first officer commissioned by Congress for the war in this State. Early in the ensuing session, viz., January 9th 1776, Congress, passed the following:—"*Resolved*, That Colonel Van Schaick, Lieutenant-Colonel Yates, and Major Gansevoort be continued in the service of the United States, and that they take command of the battalion to be levied in New York." Within a few days, however, Congress found such a force entirely inadequate, to the protection of so large and important a territory; accordingly we find that on the 19th of January (ten days intervening), it was resolved, "That four battalions be raised in the colony of New York for the defence of that colony, and that the council of safety of New York be requested with all possible expedition to transmit the names of a number of gentlemen—at least two for each command out of whom Congress may elect field-officers for said battalions. In due time New York furnished her four complete regiments which were officered as follows—so far as at present can be ascertained.

The State Library has in vain been searched for information as to the pay and emolument offered to the officers and troops summoned into service for tle public defence. The law of the Colonial Congress makes no reference to the subjcct, based apparently upon the confident reliance that the soldiers would come into the field and do the fighting first and talk about the pay afterwards. The New York battalions in their minute organization were probably under the more immediate legislation of the Provincial Council. No records of this

council are to be found in the State Library at Albany, which is certainly a lamentable defect in its historical department.

Lord Stirling was appointed and acted as Colonel of the Somerset militia. Which immediately applied to the Continental Congress appointing him Colonel of the regiment of New Jersey.

November 13th.—In Common Council. Present—Merritt, Mayor and others. *Resolved.* in consequence of the ruinous situation of the Citty Hall, that the Common Council sit at the House of George Reparreck, adjoining the City Hall, until the 13th of October next, and that he be paid for the same £12.

20the.—An order from the Governour read absolving the militia from the duty of night guard by a military watch, until the 25th of March next. provided "the magistrates of said city doe appoint a bellman or some other civil watch to go rund the citty in the night time to prevent irregularities that may happen, or fire. etc. Whereupon the board resolve. that four sober, honest men be appointed to keep a watch in this citty every night until the 25th of March next. and that they hourly go through the several wards of the city during the said time to prevent irregularities.

23d.—Unanimously agreed, that a new City Hall is necessary. In consideration of the great inconveniency that attends this citty being a trading place fore want of having light in the dark time of the moon in the winter season—ordered. that all and everybody of the house keepers within this city shall put out lights in there windows fronting the respective streets." according as the mayor and two aldermen and two assistants shall direct.

December 2d—Resolved. that the mode of lighting the citty be that during the dark time of the moon until the 25th of March next every seventh householde cause a lanthon and candle to be hung out on a pole every night. The expense to be divided equally between the seven. The Aldermen are charged to see this done.

28th—Four barrels of powder ordered fore saluting the Earl of Bellamont on his arrival. 1698—April 2d—Bellamont's commission read, as governour. and Nanfans as lieutenant-governour.

4th.—The address to the governour read and approved. It is full of humility. profession of obedience. lamentations of disentons among themselves, and prayer fore his influence to heal the same. 11th.—Resolved that a dinner be proposed at the charge of the corporation for entertainment of his excellency. Richard. Earl of Bellamont. captain-general, etc., etc., and a committee appointed to make a bill of fare (two aldermen and two assistants). and that fore the effectual during thereof they call to their assistance such cooks as thay shall think necessary to advise. May 23.—No person absent twelve months considered a freeman unless he keep fire and candle. June 14.—Alderman Provoost and Mr. Duykink appointed to take care that the publick hous of office on the dck be cleaned and put in repair and a person appointed daily to keep the same clean. A committee appointed to revise the laws. This the passon for condification appears to be of early date. 28th.—All the inhabitants of the city, "their apprentices and children that were here at the time the charter was granted," be deemed freemen, they registering their names (but none under 21 years), and the oath administered to all who come to be registered.

December 23, 1702.—At a Common Council held at the City Hall; present, Philip Frenck, mayor; Samson Shelton Boroughton, recorder; Jacobus Van Cortlandt, John Corbell, William Smith, aldermen. Ordered, that the arms of the late governour, or the Earl of Bellemont and Captain Nanfan, which are fastened in the wall of the City Hall, be by the marshal of this city forthwith pulled down and broken, that the wall be filled up, and that the mayor issue his warrant to the treasurer for the payment of the charge thereof. On his arrival a salute was ordered by the corporation and four barrels of powder appropriated. His commission was published 2d of April, 1698, and the commission of John Nanfan, lieutenant governour. It was on the 28th of March, 1701, that the "court agreed with William Mumford, stone-cutter, to find stones and carve thereupon the king's arms, the Earl of Bellamount arms and the lieutenant-governour's arms, according to the dimension of the several squares left in the front of the City Hall." This is ordered to be done within the space of six months. The cost was to be £41 4s. current money of New York. Therefore it is probable that the Earl's arms and those of Nanfans were put up in September, 1701, and taken down and broken in December, 1702. This was occasioned by the part Bellamount and Nanfan took against the aristocratick party of which Nicholas Bayard was one of the leaders, and when Cornbury arrived the party of the Duch, or the people, was put down and the arms of their leaders disgraced by being taken from the front of the new City Hall in Wall street, finished during Bellemount's administration and broken. The King's arms remained until 1776, when, on the reading of the Declaration of Independence some of the citizens threw them down and broke the tablet to pieces. 1703, January 15th.—The common council humbly beg Lord Cornbury to help on the work of procuring a schoolmaster for the free school. Philip French, the mayor paid £19 10s. for thirty days service in the general assembly, as representative of the city.

February, 13*th*.—The Treasurer ordered to repay the Mayor £9 10s. 3d., paid by him for a bonfire, beer and wine on her Majesty's birth-day, 6th February. A petition from the rector, wardens, and vestry of Trinity Church, praying the grant of the burial place of this city "for ever to be so appropriated, the rectors etc. keeping the fence in repair, and only taking for each person from 12 years of age and upwards, 3s. for breaking the ground, and for a child 1s. 6d. Granted accordingly. 24.—Ordered, that a publick bonfire made this night at the usual in this city, and ten gallons of wine and a barrel of beer be provided at the expense of the city on account of the success of his Majesty's arms at Vego and in Flanders; and the housekeepers ordered to illuminate. November 1st.—*Resolved*, that a cage, whipping-post, pillory and stocks, be forthwith erected before the City Hall of this city (on Wall street), And Mr. Vesey is paid £5, as usual for the corporation sermon. 1704, Jannary 5th.—Captain Calve and Dewitt sayled a privateering. February 6th.—Her Majesty's birth-day celebrated, with healths drank of the Princess Sophia, Prince George, Duke of Marlborough, etc. and illumination. 17th.—Ordered, that the Sheriff have the gaol of this city made sufficient for the holding of felons, and likewise a convenient and sufficient prison for deftors on the upper of the City Hall, at the east end thereof.
